Terms of Sale

1. Trees are living growing plants. All care will be taken to fulfill your order. Sometimes due to factors outside our control, your total order may not be able to be fulfilled. It is a term of this agreement that in such circumstances we shall not be held liable for any loss, economic or otherwise suffered by you as a result of non supply of your order. The purchase price will however be adjusted pro-rata.
2. Due to the nature of pistachio seed collection and the natural variability that can occur due to open pollinated crosses between male and female trees some variability will occur within the growing characteristics of the rootstocks which may affect the performance of the scion.
3. Ownership of and property in any trees ordered shall remain with CMV Farms Pty Ltd until the order is paid for in full. Property passes in the trees once the order is paid for and / or the trees leave the nursery property.
4. Payment for the trees becomes due when the trees are collected or by other terms as agreed.
5. The trees are sold as they are; the purchaser should inspect the trees prior to removing them from the nursery. All trees are supplied in good faith. Because the success of the trees will depend on a number of factors, including how they are cared for once they leave the nursery, no warranties can be given as to performance of the trees, and no liability shall attach to CMV Farms Pty Ltd in the event that the trees fail to perform, or perform poorly.
6. CMV Farms Pty Ltd will endeavor and use its best efforts to ensure that all trees supplied are true to the type and variety ordered.
7. CMV Farms Pty Ltd is not in the business of providing advice regarding the trees, their suitability, performance etc. No liability will attach to the provision or non-provision of advice.
8. In the event that your order is cancelled after the trees have been propagated, the deposit paid will be forfeited.
9. The prices referred to in this agreement are inclusive of Goods and Services Tax (GST). A tax invoice will be provided.
